

West Australian coast

The Northwest of Australia includes some of the most vast, diverse and scenic regions of our country. This tour from Darwin to Perth is specifically designed to highlight the three main regions that make up most of Western Australia, north of the 26th parallel.

We start in the Kimberly with iconic destinations such as The Ord River, Gibb River Road and Broome. Next is the Pilbara from Pt Headland to Tom Price, visiting Millstream and the spectacular gorges of Karajini NP. And last but not least, it is south along the coast to explore the two major World Heritage areas of the Ningaloo Coast and Shark Bay. Walking in the Kimberley wilderness, seeing some of the world's most ancient natural landscapes in the Hamersley Ranges or snorkelling on Ningaloo Reef - the contrasts across these regions are spectacular.

PILBARA: 21 Day Itinerary (Darwin > Perth)

- Day 1 Departing Darwin at 7am we travel south to Katherine before turning to the west. The nights camp will be at Timber Creek. (Caravan park -CP)
- Day 2 We head into WA arriving in Kununurra early. An afternoon trip to the Argyle dam with a boat cruise on the Ord River to finish off the day. (CP)
